Administrator Benevento—

Thanks again for attending the ACOEL event that Kevin Murray set up on Wednesday—it was an interesting and instructive discussion and both the Holland & Hart lawyers who attended and our clients very much appreciated the time that you took out from a busy schedule to have lunch with us.

After the meeting, we discussed the ongoing settlement discussions between EPA and Basin Electric Power Cooperative regarding alleged violations of the Clean Air Act Prevention of Significant Deterioration program at Basin Electric's Laramie River Station in Wheatland, Wyoming. During follow up discussions with Basin Electric this week, they asked me whether we might be able to set up a meeting between you and Basin Electric representatives to discuss the facility generally and this enforcement action specifically.

We can make ourselves available any time after the second week of April and we'd be happy to meet you in Denver (or Wyoming) at your convenience.

Thanks and best regards, Emily
